DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William Haynes on 09/08/2009.

The application has been amended as follows:

In Claim 1, line 11 after "self-extension of the barbs there through" insert **“; wherein the tubular member has a plurality of protruding anchors generally disposed around a perimeter of the deployed ring shape.”**

Claims 6, 10, 14-15, 28-30 and 32-34 are cancelled.

Allowable Subject Matter

2. Claims 1-5, 7-9, 11-13, 16-27 and 31 are allowed.

3. The following is an examiner's statement of reasons for allowance: In Regards to claim 1, the prior art neither anticipated nor suggests in combination with other limitations of the claims the limitations of:

A tubular member, a deployed ring shape, the tubular member having a through lumen and a plurality of sidewall openings and a plurality of protruding

Art Unit: 3773

anchors disposed around a perimeter of the deployed ring shape, a barb assembly comprising a filament extending through the lumen, a plurality of self-extendible barbs coupled to the filament and corresponding to the side wall openings.

The prior art reference to US Patent No. 6,669,687 B1 to Saadat teaches an apparatus and methods for treating tissue. However, Saadat fails to disclose in combination with all the limitations in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
